# Kick-off meeting

28 January 2009

**M<sup>3</sup> – Application of integrative modelling and monitoring approaches for river basin management evaluation**

Contract number: LIFE07 ENV/L/00540

With the contribution of the LIFE financial instrument of the European Community.

Dear Madam,  
Dear Sir,

On behalf of the M<sup>3</sup> project consortium we are honored to invite you to the kick-off meeting of our Life+ Project on Wednesday, 28 January 2009.

The M<sup>3</sup> project is accompanying the planning and implementation process of the Programmes of Measures (POM) for water bodies as required by the Water Framework Directive. The tri-national project consortium will design specific monitoring campaigns and employ loading and water quality models to assist in the planning and the confirmation of the successful realisation of POMs.

During the project lifetime from 2009 to 2013, state of the art monitoring and modeling initiatives will be started in selected catchments in the areas of operation of the

- Erftverband (Germany),
- Delfland (Netherlands) and
- CRP Henri Tudor (Luxembourg).

The project emphasizes knowledge and practical experience transfer to stakeholders by organizing several workshops, publishing field reports and best practice guides.

We would be happy to welcome you as attendants to the start of this exciting project. Please confirm your attendance by registering online at [www.life-M3.eu](http://www.life-M3.eu).

**Tom Gallé**  
M<sup>3</sup> project leader

10h 30

**Welcome speeches**

**Dr. Jean-Marie Halsdorf**

*Minister for Interior Affairs and Spatial Planning, Luxembourg*

**Dr. Claude Wehenkel**

*Delegated administrator, CRP Henri Tudor*

Registration under

[www.life-M3.eu](http://www.life-M3.eu)

until Friday, 23 January 2009

10h 40

**Modeling tools for river basin management: How reliable are predictions for water quality?**

**Dr. Michael Rode**

*Department Aquatic Ecosystem Analysis and Management (ASAM), Helmholtz Centre for Environmental Research - UFZ, Magdeburg*

11h 00

**Definition process and the implementation of the Programmes of Measures in Luxembourg**

**Dr. André Weidenhaupt**

*Director of the Water Management Administration, Luxembourg*

11h 15

**Presentation of the M<sup>3</sup> approach and the catchments in the three participating regions**

**Tom Gallé**

**Dr. Ekkehard Christoffels**

**Erwin Meijboom**

11h 45

**Signing ceremony of the consortium contracts**

12h 00

**Lunch offered by the CRP Henri Tudor**
